OFFICIAL SECTION REFERENCE - NOT TO SCALE

VERIFIED DIMENSION REFERENCES - 1:1

Base width (mm)

Angled head length (mm)

Head length is aligned along the angled head on the product; references do not define an installation angle.

SELECTION DRAWING - NOT FOR MANUFACTURE
The left section is the unchanged official catalogue illustration at presentation scale. Only the labelled reference dimensions at right are millimetre geometry. No mould contour, unpublished wall thickness, radius, tolerance or installation fit is established by this sheet. Compare the complete mating profile and panel before ordering.

COLOR / VARIANT: XAML71-C: Light grey, similar to RAL7001; XAML72-C: Black
